PROFILE

I am Yoftahe Ayiso, a Full Stack Developer, Graphic Designer, and Multimedia Producer from Ethiopia. I am currently studying Information Technology at Dire Dawa University. I have experience in web and mobile development using HTML, CSS, JavaScript, Node.js, Laravel, Flutter, and Android Studio, along with strong skills in design tools like Adobe Photoshop, Illustrator, InDesign, Canva, and CapCut. I am passionate about building creative, user-friendly digital solutions that combine both development and design.

EXPERIENCE

Fullstack Website developer

- Developed responsive web applications using HTML, CSS, and JavaScript, enhancing user experience across multiple devices.
- Implemented back-end functionalities with Node.js and Express, ensuring seamless integration with front-end components.
- Collaborated with cross-functional teams to define project requirements and deliver high-quality software solutions on time.

App Developer

- Developed and maintained high-quality Android applications using Java, ensuring optimal performance and user experience.
- Collaborated with cross-functional teams to define, design, and ship new features in a timely manner.

Graphics Designer and Multimedia Producer

- Developed innovative graphic designs for marketing campaigns, enhancing brand visibility and engagement.
- Designed promotional materials, including brochures and social media graphics, that contributed to increase in audience reach.
- Produced high-quality video and audio content, ensuring alignment with brand messaging and target audience preferences.
